200 copies of a dictionary of the 'Secret History of Mongols' written by Professor B. Sumyabaatar, a scientist at the Institute of Literature and Language, has been published with 920 pages by Bembyusun Press Company. President N. Enkhbayar's wrote in the foreword "The Secret History of Mongolia is a golden statue of Mongolian nation's hearth".

The dictionary compiled over five years illustrates words from the "Se-

cret History of Mongols" in contemporary Mongolian and in Romanian script and is easy to use by ordinary citizens.

A word 'Yuan' has been explained in the introduction of the dictionary published on the assumption the 'Secret History of Mongolia' contains 8144 words. The dictionary has many interesting stories about how the 'Secret History of Mongolia' had been edited or changed as a result of editing.
